

Thanking you forward . . .

2014

Sheila – I sat down to write you a note to tell you how much I appreciate the help Alan & Brad have given me on getting “this house thing” going.

Then it dawned on me from my own experience in being a leader in business. It starts at the TOP, and that’s you.

So thank you for all the prayer, hard work and training you have shared with those working with & for you.

Blessings to you and yours.

Hoping I can be blessed in the future with getting/sharing some of that “Sheila Experience.”

Thanking you forward,

Nancy Thomas
